PROGRAMMING DEPARTMENT **ADULT**

### Termination Form

**Early Termination Options:**

- 1. In the event of a severe physical injury, permanent disability, relocation due to a job transfer (more than 30 miles from current residence) or military deployment. A permanent disability means a condition that precludes a member from being able to participate in FISC leagues for three sessions or more. Upon written verification from a physician, FISC will either suspend or cancel a member's agreement plan effective after receipt of the very next billing cycle. **There is no fee for this service.**
- 2. If FISC fails to program during a league or session that the member is eligible to participate within, upon written request by the member, FISC will suspend billing until such time as a league or session is available. In the event that FISC fails to program two or more consecutive sessions, the member may cancel his/her membership plan and be released from any further obligation. **There is no fee for this service.**
- 3. Members may elect to cancel at the end of any session by giving at least 30 days notice and simply making a one-time payment equal to the savings received by the member during the membership agreement versus the *Pay As You Play* pricing for the sessions in which the member participated. **There is a \$10 processing fee for this service.**
