EVENT BREAKDOWN:

***Frederick Soccer Supplies* PK Challenge**

Players nominated for the PK Challenge will have the chance to go head-to-head with each other and the goalie of FISC's choosing. These players will have 3 chances each round to score. If they do not score on any attempt – they are eliminated. Once there are only 3 players remaining, you have 1 shot each round. The champion will be declared when only one player scores in that round.

Fastest Shot

Player's chosen for the fastest shot competition will be given 3 shots total to achieve the fastest shot recorded. For the shot to count, the ball must enter the goal. The winner will be the player with the highest speed recorded.

Agility/Dribble Course

Players with quick feet and excellent dribbling will be nominated for our agility/dribble speed course. Each player will receive 1 timed opportunity to get through the course as quickly as possible while maintaining control of the ball. Penalty time will be added to the end of the players run if the player fails to complete each section of the course correctly. Trial runs and practice will be given before the challenge begins.

MVP Tournament

All players nominated for their team's MVP will be randomly placed onto 1 of 4 teams. Each team will be rostered as equally as possible with players from each league/division. The tournament will consist of single elimination 10-minute exhibition match. The team that wins both games will be awarded champion.
